 **Welcome**   
**To Our School!**

At the end of last term we had so many sick children and teachers that there were days when half the class was missing. There are certainly some interesting viruses around at present!

This week has seen the installation of our new speaker system in the hall. The Board has continued to plan for the upgrade of our facilities as many of our systems have been gradually failing. The new speaker system will mean anyone will be able to use it with ease, both microphones work at the same time, and it doesn't cut out several times in one session. As one of the Tech crew said, "We have moved into the 21st century at last!"

Thank you to all those families that took time to come to the meetings in the last week of term to allow for discussions of school reports and to share important information between home and school about our learners. If, for some reason, you were not able to attend and still wish to do so, please contact your child's teacher to make a time. If you needed a longer time to discuss your child, you are always welcome to schedule an additional meeting to work together to plan for your child's next learning steps.
